Dear Ms. Kiekow-Hiemer:

This is the third interim records release in response to your Freedom of Information Act request to the U.S. Environmental Protection Agency dated February 26, 2015, in which you requested documents related to Clean Water Act (33 U.S.C. § 1251 et seq., "CWA") permits, violations, and other events involving the John M. Asplund Wastewater Treatment Facility, located at 2300 Hutson Dr, Anchorage, AK 99503 ("the Asplund facility"). This facility is also referenced by the EPA as FRS ID 110000523595. The Asplund facility's National Pollutant Discharge Elimination System (NPES) permit number is AK0022551.

Additional responsive records have been uploaded and are available to use on FOIAonline. We expect to provide our final response to you by May 2015.

Please continue communicating with Jamey Stoddard of my staff at (206) 553-6110 or via email at [stoddard.jamey@epa.gov](mailto:stoddard.jamey@epa.gov) as needed regarding our ongoing response to your request.

Sincerely,

A handwritten signature in blue ink, which appears to read "Daniel D. Opalski", is positioned above the printed name and title.
